SUMMARY

Computer Science Engineering student currently interning in ME(A)RN stack development. Skilled in HTML, CSS, JavaScript, and React for building responsive web applications. Adaptable, quick to learn new technologies, and passionate about developing modern web experiences.

EXPERIENCE

Luminar Technolab - ME(A)RN Stack Intern

July 2025 – Present

- Developed responsive web interfaces using HTML5, CSS3, Bootstrap, and Tailwind CSS.
- Built dynamic and interactive components with JavaScript and React.js.

PROJECTS

StudyMate – Full-Stack Productivity & Task Management Web App

Live Demo

- Developed a full-stack productivity app using React, TailwindCSS, and Firebase featuring tasks, notes, and a Pomodoro timer.
- Implemented Firestore CRUD operations with user-specific security rules for safe, real-time data handling.
- Integrated Firebase Authentication with protected routes and personalized dashboards.
- Deployed the project on Firebase Hosting and configured GitHub Actions CI/CD for automatic builds and deployments on every commit.

EDUCATION

B.Tech in Computer Science Engineering

CGPA: 7.99/10

College of Engineering Kalloppara (KTU)

2021 – 2025

Higher Secondary Education (Computer Science)

97.67%

Pallikunnu Government Higher Secondary School

2019 – 2021

Class 10 (CBSE)

92%

S.F.S. English Medium School, Kannur

2019

SKILLS

Technologies: C, Python, HTML, CSS, JavaScript

Frameworks & Libraries: React, Bootstrap, Tailwind CSS, Formik

Tools & Version Control: Visual Studio Code, Git, GitHub, Firebase

Soft Skills: Adaptability, Time Management, Attention to Detail, Leadership
